

American School Health Association Update

Call for Papers:

The American School Health Association is coming to California. The 2005 annual conference will be at the Burbank Hilton from October 19 - 22. The call for papers is currently on the ASHA web site. Applications from California are especially invited. This is an opportunity to showcase what you are doing in your school to promote health – both with others in California and with others from around the U.S. and beyond. The theme is Supersize Prevention: Obesity, Diabetes, and Other Critical Health Issues.

Applications to present (either an oral presentation, a poster, or lead a round table discussion) are at http://www.ashaweb.org/annual_conferences.html
